

BMDCA Futurity Rules

Approved by BMDCA Board - Effective May 7, 2007
8 -2011

I. Purpose

The purpose of the Futurity is to encourage the breeding of the best possible Bernese Mountain Dogs and to reward the breeders for their efforts. For this reason, the Futurity is weighted in favor of the breeder, who is the one that chooses the sire, raises and nominates the litter, and often pays the individual puppy nominations as well.

II. General

- A. The Futurity year includes litters whelped from October 1 through September 30: e.g., the 2008 Futurity includes litters whelped from October 1, 2006, through September 30, 2007.
- B. Correct and timely nominations of both the litter and individual puppies are required for stake eligibility.
- C. Prize monies can only be won through competition in stake judging.
- D. Nomination forms and rules may be obtained from the Futurity Chairman and will also be published approximately once a year in BMDCA publications.
- E. The Futurity shall be open to all litters bred by BMDCA members in good standing. The owners of nominated puppies must be BMDCA members in good standing or, if non-members, must be in good standing with the AKC. All participants must comply with the Futurity rules.
- F. When a Futurity-eligible puppy is sold, eligibility is transferred to the new owner.
- G. The annual Futurity stakes are to be held at the BMDCA National Specialty Show indicated on the nomination form. Because the date of the BMDCA National Specialty can vary, the Futurity will be open only to those puppies that are at least 6 months and up to 18 months old on April 1 of the Futurity year for which they are eligible.
- H. An exception to the age requirements will be implemented if the BMDCA National Specialty Show for a given year will be held earlier than April 1. In this case, any nominated puppies under 6 months on the date of judging will be deferred to the following Futurity year, and will be allowed to compete in the 15 to 18 Months class.
- I. The Futurity Chairman reports directly to the BMDCA President and Board, except when providing the name of the Futurity judge to the BMDCA National Specialty Chairman of the year. BMDCA National Specialty Show chairpersons and specialty coordinators may contact the Futurity Chairman with questions at any time.

III. Nomination of the Litter

- A. The litter must be nominated by the breeder prior to whelping. The breeder of the litter must be a BMDCA member in good standing at the time of breeding, as well as at the time of nomination. If there is more than one breeder of the litter, only one need be a BMDCA member.
- B. The nomination must be submitted on the litter nomination form. Postmark on the envelope transmitting the nomination and fee establishes the date of nomination.

Consequently, overnight or special delivery mail is unnecessary. Nominations may be submitted to the Futurity Chairman by e-mail if possible with the appropriate information included. The postmark on the envelope transmitting the fee will establish the date of the nomination.

C. Fee is \$15.00; checks payable to BMDCA. There will be no refunds.

D. Nomination of the litter makes each puppy in that litter eligible for individual nomination.

IV. Nomination of Puppies

A. The individual puppies must be nominated by either the owners or the breeder on or before the date on which the puppy reaches 4 months. Puppy owners need not be BMDCA members.

B. The nomination must be submitted on the individual puppy nomination form. Postmark on the transmitting envelope establishes date of nomination.

C. Nominations may be submitted to the Futurity Chairman by e-mail if possible with the appropriate information included. The postmark on the envelope transmitting the fee will establish the date of the nomination. Fee is \$15.00, checks payable to BMDCA, for each puppy. There will be no refunds.

D. An entire litter may be nominated by completing one form per puppy and enclosing the fee for each puppy. If AKC registration number(s) and name(s) are not available at time of nomination, this information must be supplied to the Futurity Chairman as soon as it is available. Providing this information is the responsibility of the nominator, not the Futurity Chairman.

V. Entry for Judging

A. The puppy must be entered in one of the regular classes in either conformation or obedience in the BMDCA National Specialty Show and Obedience Trial. Fee for this entry must be paid.

B. Futurity entry must be indicated on the entry form as an additional class. The entry fee for the Futurity class, as well as the fee(s) for the regular class(s), is in addition to the nomination fees (III, C; IV, C).

C. The Futurity class entered will be based on the age of the puppy on April 1, not its age on the date of the show.

D. All dogs will be eligible for only one Futurity.

E. The Futurity Chairman will provide the BMDCA National Specialty Superintendent with the names, registration numbers, and names of owners of all eligible puppies and the classes for which they are eligible. This information will be available after February 15 of the year of the BMDCA National Specialty. The Futurity Chairman will work directly with the office of the superintendent to address any questions of eligibility and/or entered classes.

VI. Judge

A. It shall be the prerogative of the litter breeder(s) to nominate the judge. Each BMDCA member breeder may nominate one person as judge per year, regardless of the number of litters each nominated.

B. The nominated person must at all times from the date of nomination through completion of the judging assignment be in good standing with the AKC, and, if a member, with the BMDCA.

C. A judge nomination line is included on the litter nomination form.

D. The Futurity Chairman will compile a ballot of nominated judges by March 1 a year prior to the future Futurity (e.g.: for 2009, the ballot would be compiled on March 1, 2008). The Futurity Chairman reserves the right to delete from the ballot any nominee who declines the nomination. Nominees will be asked to provide a brief bio for inclusion with the ballot. It will be the responsibility of the nominee to provide the information in a timely manner.

E. The Futurity Chairman will send the ballot to each eligible breeder. The ballot will be sent to the first owner listed on the litter nomination form at the address provided. Any co-owners will not be entitled to an additional vote. Each eligible breeder may vote for five nominees in order of preference (first, second, third, etc.). The ballots must be returned by April 1 to the Futurity Chairman, who will tabulate the votes and provide a tally report to the BMDCA Board. The Futurity Chairman may not vote but may submit a judge nominee with an eligible litter nomination. The nominee receiving the highest number of points (a vote of first choice receives 5 points, second receives 4 points, etc.) will be offered the judging assignment for the Futurity. If that nominee is not available, the second choice will be contacted, and so on until a judge nominee accepts.

F. The Futurity Chairman will notify the BMDCA National Specialty Chairman of the elected Futurity judge as soon as the nominee has verbally accepted the assignment.

G. The BMDCA National Specialty Chairman will contract (written) with the Futurity judge. A copy of the contract will be sent to the Futurity Chairman as soon as all signatures are secured.

H. The BMDCA Futurity Fund will pay for the Futurity judge: travel (not to exceed economy airfare); two nights of accommodations (night before and night after the judging); meals, beginning with dinner the night before judging and ending with breakfast the day after judging; the Judges Dinner (provided the judge speaks at said dinner regarding the judging assignment). Specifically, traveling companions of the judge will not be compensated.

I. The contract should include, but is not limited to the following:

1. Exact expenses that are reimbursable.
2. The Futurity judge is not paid a judging fee.
3. The Futurity judge is subject to all AKC and BMDCA rules, including restriction against showing any dogs in the BMDCA National Specialty. The exact rules will be those in current AKC regulations.
4. The expenses are submitted to the BMDCA Treasurer for reimbursement.
5. The Futurity judge is restricted from judging Bernese Mountain Dogs within a six (6) month period prior to the BMDCA National Specialty.
6. The contract is contingent upon the Futurity Judge being in full compliance with all rules, regulations, codes of conduct and codes of ethics promulgated by AKC and BMDCA from the time of nomination through completion of the judging assignment.

J. The Futurity judge shall not have judged the Futurity within the past five years.

VII. Class Divisions and Sequence of Judging

A. The Futurity stake is divided into four age divisions based on age at April 1 of the given Futurity year:

1. 6-9 Months (at least 6 months and under 9 months old)
2. 9-12 Months (at least 9 months and under 12 months old)
3. 12-15 Months (at least 12 months and under 15 months old)
4. 15-18 Months (at least 15 months and up to 18 months old)

See Section II, General, item G for exception to age requirements.

B. Each age division is further divided by sex.

C. Four placements are made in the judging of each class.

D. The eight class winners will compete for Best in Futurity and Best of Opposite Sex to Best in Futurity.

VIII. Prize Money

A. All nomination money shall be pooled in the BMDCA Futurity Fund. The BMDCA shall retain 25 percent for administrative and judge's expenses. Any unused expense money will be rolled over into the next year's prize money. The remaining 75 percent shall be divided as follows:

10 percent - Best in Futurity

20 percent - breeder of Best in Futurity

5 percent - Best of Opposite Sex

5 percent - Breeder of Best of Opposite Sex

60 percent - Allocated to the Classes

B. Prize money shall be presented to the handlers of the dogs at the end of each class. All reasonable attempts will be made to deliver the money to the breeders of Best and Best of Opposite Sex in Futurity, but the Futurity Chairman, BMDCA, and host club assume no responsibility to assure such delivery to the breeders. Prize money for each class shall be determined by dividing the amount allocated by the total entries, and then multiplying by the number of entries in the class. Class money is to be distributed as follows:

1. One entry - all the class money

2. Two entries - first 60 percent, second 40 percent

3. Three entries - first 50 percent, second 30 percent, third 20 percent

4. Four or more entries - first 40 percent, second 30 percent, third 20 percent, fourth 10 percent

C. The prize money shall be assembled by the Futurity Chairman, unless other arrangements are made with the BMDCA Treasurer, and will be delivered to the ring steward just prior to the beginning of Futurity judging.
